AMERICANS KILLED BY STRIKING MEXICANS

Bloody Conflict at Copper Camp In Mexico

FIFTY PERSONS WERE KILLED.

The Number of Striking Mexicans Is Estimated at 5,000 and They are Making Threats Against all Americans in the Town.

Naco, Ariz., June 4.—The advices from Cananea, Mexico, where a race were Americans, say that the Mexicans and Americans, resulting in the death of some 50 persons, many of whom were Americans, say that the Mexicans burned property valued at $250,000, including the lumber yards and general office of the Greene Mining company. The Mexicans then left the lumber yard and dynamited a powder house near the Sonora hotel, to secure arms and ammunition. Here the Mexican police attacked the Mexicans and a fierce battle ensued, several officers and a dozen strikers being killed. A train carrying 100 men left Naco for Cananea Friday. Twenty-five armed men came from Bisbee and are guarding the American line here. There has been fighting between this party and Mexican customs officers.

The posses started to cross the line a few miles below Naco and was fired on by Mexicans in ambush.

One man named Buckner was shot through the arm and several men are missing.

Shots are frequently heard, and it is feared that others may be killed. It is not known whether any of the ambushed Mexicans were killed.

When the train left Cananea, Colonel Greene's residence was being barricaded and all the remaining Americans were gathering there and arming for defense.

The Presbyterian church, near the Greene residence, is also filled with people and barricaded.

The Americans are said to be seriously handicapped by lack of ammunition. The number of striking Mexicans is estimated at 5,000, and they were making threats against all Americans when the last train pulled out from the town.

There are fifty to seventy-five Mexican police in Cananea, and they are doing what they can to quell the disturbance.

Urgent messages have been sent to Washington. It is said that United States Consul Galbraith wired to the state department that his life and those of the other Americans in the camp are in danger. Colonel Greene has telephoned for every armed man available in Bisbee and Douglas.

While the crowd was gathering Colonel Greene rode down the crowded streets in his automobile and told the men he could not accede to their demands. There is grave fears that an attempt will be made to destroy the great reduction plant of the Greene company at Cananea, which cost millions of dollars. It would require many years to replace it.

Washington, June 4.—The state department has received a most urgent telegraphic appeal for help from American Consul Galbraith, at Cananea, Mexico, in which the consul says:

"Aid from United States absolutely essential."

The state department has also received direct application from the governor of the state of Sonora, Mexico, for help from the American side, a most extraordinary occurrence. The direct appeal was the subject of hasty consultations between the secretary of state, the chief of staff, Brigadier General Bell and the law officer of the war department, inasmuch as the question of the right of the United States to send troops into a friendly state is in doubt.

Meanwhile the officers of the general staff are making ready to execute any orders that may be issued as the result of Secretary Root's decision.

Douglas, Arizona, June 4.—The governor of the state of Sonora arrived at Naco at 2:30 a. m. Saturday, and immediately gave orders permitting the armed Americans who were there from Bisbee, Douglas and all parts of Arizona, to accompany him to Cananea. The Americans organized and, in command of Captain Tom Rynning, former captain of the Rough Riders and now commander of the Arizona Rangers, left with the governor on a special train for Cananea at 8 o'clock Saturday morning. There were 450 in the party.

El Paso, Tex., June 4.—A private telegram received from Cananea Saturday says that Americans are now in control of the town and many Mexicans have left. One hundred rifles and a quantity of ammunition were shipped from here Saturday to Colonel Greene at Naco and will be taken to Cananea if they can be gotten over the border.

Rule Absolutely Illegal.

New York, June 4.—The appellate term of the supreme court ruled Friday that the arbitrary rule laid down by the surface railroad company that a passenger is not entitled to a transfer unless he applies for it as soon as he pays his fare is absolutely illegal and incapable of enforcement. Carrying out this decision, the court affirmed a municipal court judgment for $50 obtained by Samuel Levine against the Nassau Electric Railroad company for the refusal of a conductor to give Levine a transfer on the ground that he had waited too long to ask for it. The conductor testified that it was forty minutes after Levine paid his fare that he asked for a transfer.

Submarine Bells for Lightships.

New York, June 4.—Captain Smith, of the White Star liner Baltic, which arrived Friday, reported that during a dense fog while off the Scotland lightship at 1 o'clock, the submarine bell telephone system on his steamer caught the bell recently installed on the lightship. This was of great advantage as it gave him instant knowledge of his position, the thick weather making it impossible to sight the lightship. The government has installed submarine bells on a number of lightships from Maine to Florida within the past sixty days, and navigators have been asked to report any data regarding them. Captain Smith was the first navigator to make a report.

Plot to Assassinate Roosevelt.

Portland, Ore., June 4.—As the outcome of the arrest of a Pole in this city for an assault upon several Russians, local detectives have learned of the existence here of a large body of Russian Nihilists who, it is alleged, have been plotting the assassination of President Roosevelt, simply awaiting the accumulation of sufficient funds before sending a deputation to Washington to carry out the scheme. The Pole, who claims to have been threatened with death by several of the plotters and who was arrested for assault, was acquitted Friday and it was then that the detectives learned of the alleged true purpose of the organization.

Boys Witness This Suicide.

New Orleans, June 4.—A man about 25 years old, evidently a German, shot himself through the head Friday under the wharves near the head of Canal street, in the presence of two boys. The body cannot be identified by anything found on it and the affair is wrapped in complete mystery. He appears to be a person of some social standing.

Twelve Miners Killed.

Mexico City, June 4.—Reports have just reached here of an accident at the Magdelena mine, near Texcaltenec, state of Mexico, which has caused the death of 12 miners, among them Erasmus Chavero, manager of the mine. The men were suffocated by smoke and gas which blew into the lower workings from the boiler.

Notes of Southern Railway

New York, June 4.—Bankers representing the Southern Railway company announced Friday that negotiations are in progress in London for the sale of $12,000,000 to $15,000,000 of short time notes. The purpose of the loan is not disclosed.

TERRANOVA GIRL IS GIVEN FREEDOM

She is Acquitted on Charge of Killing Her Aunt.

HELD NOW FOR KILLING UNCLE

Girl Killed Her Aunt and Uncle Because the Latter Ruined Her When She Was a Child and Then Told Her Husband.

New York, June 4.—Josephine Terranova Friday afternoon was acquitted of the murder of her aunt, Concetta Reggio. She was, however, not released, being remanded to the Tombs to answer to the charge of killing her uncle, who was murdered at the same time as his wife.

Assistant District Attorney Ely, who has conducted the prosecution, was unable to say definitely whether or not the second charge would be prosecuted. The jury returned their verdict within thirteen minutes after the court's charge, agreeing on the innocence of the defendant without discussion.

The prisoner received the announcement with perfect composure. As she

JOSEPHINE TERRANOVA.

was being led out of court on her way back to the Tombs the girl was followed by a crowd of women, many of whom thrust the officers aside and embraced and kissed her.

Outside the Tombs cheers were raised by a throng of hundreds of Italians to whom the news of the acquittal was made known by the prisoner waving her handkerchief as she crossed the "Bridge of Sighs" leading to the Tombs.

The verdict was received with some surprise by the prosecution, from the fact that the killing being admitted Judge Scott in his charge instructed the jury that, in default of justification, which plea he said had not been advanced and there being little evidence of the abuse alleged as an excuse except the prisoner's own testimony, they should properly find a verdict of murder in the first degree.

The girl has been on trial several weeks.

First Illustrated Paper for Peking

New York, June 4.—A cable dispatch to the Times from Peking says that the first number of the first illustrated paper ever published in Peking has just been issued. A feature of the paper is the reproduction in an exaggerated form of the Chinese labor cartoons distributed at the time of the recent general election in England. Rarely have anti-foreign publications from the Chinese themselves been more calculated to inflame resentment against foreigners than these infamous pictures copied from English electioneering literature.

Opened to International Trade

Tokio, June 4.—Mukden, was formally opened Friday to international trade. The ceremony was widely celebrated. The authorities have been drafting harbor regulations for Talien, the new Japanese name for Port Dalny, and as soon as that work is completed that port will be opened to international trade. Japan proposes to develop the commercial value of Talien to the greatest extent possible.

WAS BLACKBURN PISTOL TARGET

Alleged Attempt Made on Life of Congressman.

Charlotte, N. C., June 4.—A story that is creating no end of stir and excitement in the state has just leaked out to the effect that at the Wilkes county Republican convention this week, held at night, a pistol was fired and that it was aimed at no less a personage than Hon. E. Spencer Blackburn, whose friend, Judge Adams who was recently elected state chairman of the Republican party, and whose election temporarily by some, is claimed to be a victory for Mr. Blackburn.

The bearer of the story declares that he was on the spot and that at first it was said nobody had fired a shot, and then that it was accidental, and finally that it was generally conceded that it was fired at Mr. Blackburn himself. It must be taken for what it is worth. It comes from a Democratic source, and in commenting, the same source declares that there appear to be reasons why Blackburn out of the way would be satisfactory to his opponents, first, because he has outside the straight organization won out against his enemies at every deal, and second, because he has been over anxious for a place in the limelights.

BLACK TO LOSE OFFICIAL HEAD

Governor Heyward Will Remove Him If Possible.

Columbia, S. C., June 4.—As a result of the action of John Black, a member of the dispensary board of directors, in abusing and threatening the life of J. Fraser Lyon, a member of the dispensary investigating committee, several days ago Governor Heyward was decided to remove Black from office, providing he can find law to do so.

After hearing the arguments of the attorneys of Black, Governor Heyward notified the attorney general that it is the intention of the governor to remove Black from office if the law gives him the jurisdiction to do so.

Governor Heyward says that Black's conduct is a grave offense against the peace and dignity of the state and his inclination is to remove Black from office "as a rebuke for such behavior on the part of one holding so important an office."

An opinion is expected from the attorney general by Tuesday next.

Bride and Groom Burn to Death.

Greenville, S. C., June 4.—Joe Hudson and his wife, aged 21 and 20 respectively, were burned to death in the house where they boarded in Wallalla, in the extreme northwestern section of the state. Hudson and his wife occupied a room on the second story. When the fire was discovered it was impossible to enter the house to awaken the sleepers. Rocks were hurled against the windows, but neither of them was seen. The roof fell in and carried all under it. The charred bodies of the Hudsons were found a few hours later. The couple had been married only a short time and were well known.

Husband and Wife Adjudged Lunatics

Moultrie, Ga., June 4.—T. P. Wilson and wife, who live in the southern part of Moultrie, were brought before the ordinary Friday on a writ charging both of them with lunacy. The husband has indicated a failing mind for some time, and recently his condition has become more serious. Friday the wife suddenly became violently insane and it became necessary for the neighbors to go in and take charge of them. They were both adjudged lunacies by a jury and application will be made for their admission to the state sanitarium. They are about forty years old and have three small children in their home.

Want to Disbar Hummel.

New York, June 4.—Proceedings have been begun before the bar association by the disbarment of Attorney Abraham H. Hummel, and two of his partners, Nathan Cohen and Abraham H. Kaffenburgh on account of disclosures growing out of the Judge Morse divorce case. Hummel has already been convicted of conspiracy. A certificate of reasonable doubt was granted, and his trial for subornation of perjury has been postponed while the appeal to the appellate division from his conviction is pending.

SPAIN IN GLOOM OVER AWFUL TRAGEDY

Suspected Bomb Thrower Has Been Released.

DEAD NOW NUMBERS 24 PERSONS

General Mourning Prevails Throughout the Spanish Empire and Grave Anxiety Is On Every Hand—The Grand Ball Was Postponed.

Madrid, June 4.—The killed by the bomb explosion of May 31 now number 24. The ball which was to have been given at the palace Saturday evening was abandoned, owing to the general mourning and a reception has been substituted. The British embassy has intervened in behalf of Robert Hamilton, the Englishman arrested on suspicion of being connected with the attempt on the lives of the king and queen, and he has been released.

Take Drastic Action.

New York, June 4.—The board of governors of the Building Trades Employers' association took drastic action at a meeting Friday in the case of the carpenters and painters who are on a strike for alleged violation of the arbitration agreement. A lockout of 12,500 carpenters belonging to the Brotherhood of Carpenters was decided on to take place Tuesday next throughout Greater New York unless on Monday morning the carpenters who are on a strike in Brooklyn against the decision of Justice Gaynor are back at work. In the case of the painters who are on a strike against the master painters and the interior decorators and cabinet makers associations of Manhattan, the board gave the organization authority to make their contracts at once with any competent men who are willing to work.

Would Restore Heidelberg Castle.

Karlsruhe, Germany, June 4.—The government of Baden Saturday sent a message to the diet regarding the restoration of Heidelberg castle, partially destroyed by Marshal Turenne when he laid waste the Palatinate. The message affirmed that the restoration would be limited to the rebuilding necessary to preserve the sculptures and other remains of renaissance art and that the first appropriation would be asked for in the next budget. Energetic protests have been made in recent years against the projects for the restoration of the Heidelberg castle by artists, authors, professors and antiquaries on the ground that it would be a desecration of the historical and poetical sentiments of the old German castle, which was begun in the thirteenth century.

Life Sentence for Franklin.

Dalton, Ga., June 4.—Jim Franklin, of Spring Place, Ga., has been sentenced to life imprisonment in the Murray superior court for the murder of Captain Knox Ramsay, of Murray county. The jury rendered a verdict of guilty of murder in the first degree, with a recommendation to the mercy of the court. The majority of the people sided with the prosecution in the case and were disappointed in Franklin's sentence, which they considered light, desiring that the murderer suffer capital punishment. Jim Swanger, who was implicated in the crime was given a sentence of one year in the penitentiary, being found guilty on the charge of assault and battery.

COUNTRY CLUB WILL HAVE A FINE HOME

Will Erect Club House on Beautiful Shore of Newnan's Lake.

A HARD ROAD TO LAKE

Formal Organization of Club Has Been Made, and Work on Elegant Building Will Begin at Once—Golf Links and Tennis Courts.

In compliance with a call, the Country Club, or persons interested in a plan for organizing same, met at the offices of Dutton & Co, bankers, a night or two recently, when the work of organization was perfected, and officers were elected for the ensuing term.

This aggregation, bent on having the pleasures of other towns and cities, and realizing that the people of Gainesville had in Newnan's lake one of the most desirable resorts in the State, resolved to make the best of the proposition, with the result that that resort will in a short while become one of the most widely known in Florida.

The association was organized by the election of the following officers: W. R. Thomas, president; C. W. Chase, first vice-president; W. B. Taylor, second vice-president; A. S. Anderson, secretary; W. E. Cadwallader, treasurer.

The executive committee of the club was elected as follows: W. R. Thomas, Thos. Park Hay, W. E. Cadwallader, Dr. J. H. Hodges, B. F. Hampton, W. E. Dow, E. E. Cannon and H. E. Taylor.

It is the intention of the club to erect a building at a cost of about $2,000, on Newnan's lake, and establish a golf link and tennis court, and committees were appointed to look after these matters. It is the intention of the club also to provide many athletic and water sports, and to construct a shell or rock road from Gainesville to the lake, a distance of about six miles.

It is understood that work on the building will begin at once, as the building committee is authorized to proceed as soon as plans have been accepted.

QUARTETTE AT MICANOPY.

A Large Crowd Present to Hear Work of Deaf and Blind.

The people of Micanopy and surrounding country thronged to the opera house Friday evening, June 1, to listen to the most novel entertainment ever given at that place. The popular quartette from the State School for Blind and Deaf, under management of the musical director, Prof. R. L. Parks, rendered a most interesting program of vocal and instrumental music interspersed with readings and comic songs.

The quartette entertained there two years ago, but the musicale this season showed a wonderfully marked improvement in the participants. Prof. Parks has proven himself not only an able teacher, but an artist as well.

The quartette is touring the State and the engagements for the following week are: Gainesville Tuesday, June 5; Ocala, June 7; Leesburg Friday, June 8.

IN FAVOR OF MR. RIVERS.

West End Voter Pleads for Consolidation of Alachua Vote.

Editor Sun: Please allow me space in your valuable paper to say a few words in favor of J. M. Rivers for State's attorney. I have been knowing Mr. Rivers for a long time, and I have never known anything against him;—I do not believe that we could get a better man for State's attorney.

If all the counties would have cast their votes at the primary as did old Alachua, Mr. Rivers would have been elected on the first ballot; but as they did not why not all come together on June 12 and rush him in on a rousing majority, and have one good old Alachua county boy as State's attorney. Hurrah for Mr. Rivers! A VOTER.

Taken at His Word.

When Rossetti was a student of art he one day happened to go with some fellow students to the east end of London. There at a wharfside inn he saw an immense canvas on the barroom wall. After laughing at it for some time and thus provoking the innkeeper's wrath the following conversation took place:

"Where did you get that picture?"

"Oh, never mind, young man, where I got it!"

"What price do you set on it?"

"More than you can afford."

"Indeed!" said Rossetti. "Now, how much?"

"Three thousand pounds," replied the innkeeper.

At this there was a loud burst of laughter from the young artists.

"Do you know how much I would give you for your £3,000 picture?"

"How much?" asked the innkeeper.

"Three pounds," said Rossetti.

"Done," said the innkeeper promptly. And to his amazement and amusement Mr. Rossetti found himself the owner of the colossal daub.

Be a Lightning Calculator.

Multiplication is the most important of the fundamental rules of arithmetic. In large accounting departments mental arithmetic is often used to a very large extent, and the one who cannot perform this task without resorting to figuring the long way on paper has but a small chance of gaining a position worth having. Here is one little lesson in lightning multiplication. Supposing you want to multiply 53 by 84. First, multiply units by units, thus: 4 × 3 are 12, set down the 2 and carry 1. Multiply tens by units and units by tens, adding the 1 to carry to the first product, then add the two products together, thus: 4 × 5 are 20 and 1 to carry, 21, and 8 × 3 are 24, and 21 and 24 are 45, set down the 5 and carry 4. Now multiply the tens together and add the 4 you had to carry, thus: 8 × 5 are 40, and 4 makes 44. Set this amount down in the answer, and you will have the correct result—4,452.

Up a Shot Tower.

"It was a strange experience," said the huntsman. "As I ascended the spiral stairs of the tower I saw shot falling, like rain, around me. The shot tower was 200 feet high. At its base there was a tank of water for the shot to drop into. If it fell on the earth, you know, it would be flat instead of round. On top of the tower was a huge boiler filled with molten lead. The manager ladled the lead into a percolator, a kind of strainer, and thence it fell into the cistern of cold water 200 feet below. It took it three seconds to fall. They made different sizes of shot on the tower by using different percolators—big holes for big shot, small holes for fine shot, and so on. The water in the cistern had to be changed every little while. It would have become so hot otherwise that it would have kept the shot soft."—New Orleans Times-Democrat.

They Rarely Fell Trees.

Most of the Spaniards dislike to fell trees or cut live timber of any sort, and this fact perhaps accounts for the giant trees of California. The Spaniards two centuries ago pushed their way through Mexico to California, and, save the clearing of paths through the dense forests, not a twig did their axes chop down. Nor do the Spaniards transplanted to the new world ever destroy timber. They continue to build their houses of stone and mortar, at great expense of money and physical exertion, when timber in abundance surrounds them, out of which they could construct log houses, as did other pioneers, at a minimum of cost and labor. The Spaniard does not even fell trees for firewood, but picks up dead limbs as they fall to the ground or pulls them from the trees with his lariat.—London Express.

ECZEMA SKIN RAW AND FEVERISH-ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S.S.S.

PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

JEFF DAVIS' BIRTHDAY WAS DULY OBSERVED

Impressive Sermon Was Delivered by Rev. Francis Craighill.

THE DISCUSSION WAS FINE

Church Was Crowded at the Service, Which Was Appreciated by Those Present—Members of Both Chapters, U. D. C., Were There.

"Son, Go Work Today in My Vineyard."

This was the text taken by Rev. Francis H. Craighill of Holy Trinity Episcopal Church Sunday, evening, when he had been commissioned by appointment by other ministers to preach the Word of God at Kavanaugh Methodist Church, upon the occasion of the birthday of Jefferson Davis.

Dr. Craighill is a young man, but it was plainly evident to his hearers Sunday evening that he was also a smart man. He handled his subject in a manner entirely satisfactory, pleasing and interesting, as well as instructive.

For a young man the age of Dr. Craighill, having been born after the great struggle, his effort showed that he had been a student of history. It showed that he was well aware of the situations and conditions of the times of the Civil War, which could only come from study, and he handled his subject so well, so eloquently and so admirably that he made quite an impression on those who heard him.

The occasion was one which was made special by members of both chapters of the United Daughters of the Confederacy, who desired that Jeff Davis' birthday should be appropriately observed.

A SAD MISFORTUNE.

Baby of a Former Gainesville Lady Was Drowned on Long Island.

Information reached this city Monday of the sad death of the two-year-old son of Mr. and Mrs. A. Nichols, by drowning in the surf at Southhampton, Long Island, on Sunday, the 27th ult.

Mrs. Nichols was formerly Miss Telie King of this city, and is a niece of C. C. Pedrick. She is well known here, and her numerous friends will regret very much to learn of the misfortune.

A Happy Marriage.

A happy marriage was solemnized at the home of the bride's father, Mr. T. M. Cauthen, at Waldo, Friday, the contracting parties being John P. Entenza and Miss Sunshine Cauthen, one of the accomplished and popular young ladies of that town.

Mr. Entenza is proprietor of the El Toney Cigar Factory, and is one of the most progressive young men of the county. He has been a resident of Waldo for several years, and is to be congratulated upon winning the hand and heart of this fair young lady.

Immediately after the ceremony the happy young couple boarded the Seaboard Air Line train, northbound. They will visit many places of interest, after which they will return to Waldo, their future home.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling tells of an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Home of Swamp-Root.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and it, then the nerves are not fed on good, rich blood we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all its own, bearing as it does upon every bottle wrapper The Badge of Honesty in the full list of its ingredients.

The "Golden Medical Discovery" cures weak stomach, indigestion, or dyspepsia, torpid liver, biliousness, ulceration of stomach and kindred and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original "little liver pills," first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

AN ATTEMPT TO MURDER.

Howard Price Tried to Kill Another Man and Got Into Trouble.

Howard Price, a negro who has been employed upon the turpentine farm of the Cummer Lumber Company, became involved in a row with another negro on Sunday, with the result that there was a murderous attempt. Price emptying the contents of a shot-gun into his victim.

The negro was arrested by E. H. Smith, superintendent of the Cummer interests at Tioga, and brought to this city. He was arraigned in Justice Colman's court and pleaded guilty to assault with intent to murder, after which he was committed to jail without bail, pending the result of the wound.

It is said that the other negro, whose name could not be learned, is in a precarious condition.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

In Mayor's Court.

There was a lively session of the Mayor's court Monday morning, when Richard Bennett, Oliver Thomas, Edward Jackson and William McNeith were arraigned for gambling. They were arrested be Officer Kite, Saturday night, and gave bond for their appearance on Monday. They were assessed a fine of $2.50 and costs each, which was promptly paid.

Don Watson, another ebony hued individual, was arrested upon a charge of disorderly conduct, and forfeited a bond of $5. When his name was called he was not to be found, so the customary ruling, bond forfeited, was made.

LIGHTNING PLAYED HAVOC.

Burned a Barn and Two Cows Which Were Housed for Protection.

The lightning of Monday played havoc in this section, and considerable damage is reported. The most serious loss reported is the burning of the barn of G. B. Crawford, in the extreme northeastern section of the city, and a couple of calves which had sought shelter under the barn.

At 1:40 the lightning struck the barn of Mr. Crawford, setting it on fire. The barn contained a quantity of hay, possibly three or four tons, with the result that it burned like tinder, and inasmuch as the place was beyond the reach of the fire department there was nothing to be done. The loss aggregated several hundred dollars, with no insurance.

John Manning had two valuable calves which sought refuge under the sheds, and both were burned to death.

Friends of both Messrs. Crawford and Manning extend sympathy in their losses.

CATARRH A GERM DISEASE.

Breathe Air Medicated By Hyomei and Kill the Germ.

Now that physicians and scientists universally agree that catarrh is a germ disease, the reason for the failure of the old-fashioned stomach dosing in this trouble is readily seen.

Prior to the discovery of Hyomei, a treatment which cures catarrh by filling the air you breathe with germ-killing and healing pine balsams, statistics showed that at least ninety-seven out of every hundred persons in this State were suffering from catarrh of some form.

The treatment with Hyomei is very simple and pleasant; a small inhaler comes with every outfit and three or four times a day Hyomei is breathed through this, making the air at that time like that found on the mountains where the pine forests give off their fragrant and healing balsams.

The complete outfit costs but one dollar, while extra bottles can be obtained for 50 cents. J. W. McCollum & Co. have seen such remarkable results from the use of Hyomei that they sell it under an absolute guarantee that it costs nothing unless it cures.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

The Tropical Breeze is the name of a new weekly newspaper published at Fort Myers by Griffis & Griffis. It is neatly printed and contains a large amount of local news.

Gainesville is also agitating the question of municipal ownership of the public utilities. Municipal ownership is becoming the leading issue throughout the country. Why should the people work for corporations?—Tampa Times.

In a Spanish bull fight, where a human life is pitted against a maddened bull, if the man is killed the populace shouts "Bosh! He is no good." If the man happens to be the victor they exclaim with more bitterness, "It's too bad that such a fine animal was killed."

Gen. Gilchrist has taken a running start on the other candidates for Governor. A few days ago Miss Clem Hampton gave each girl of the Florida State College at Tallahassee a box of the best candy with his card. Gil. is a sly boy. Hereafter he will be known as the college girls' candy-date for Governor. Isn't that sweet!—Brooksville Argus.

The grand jury is a source of useless expense to the State, and very often the means of persecution of innocent people through witnesses who have personal spite against their neighbors. Only the State's evidence is heard before a grand jury, and it would serve the ends of justice equally as well and save much money to the taxpayers to have the prosecuting attorney file bills of information against parties charged with crime.

The fact that J. G. Rawlings and his sons, found guilty of murder in the superior court of Lowndes county, Ga., at Valdosta, and sentenced to be hanged on Friday, July 13, appears sure enough to the condemned men to be a Jonah. But the day and date should make no difference, as we imagine it would hurt just as bad to be hanged Thursday, the 12th, and we feel sure the route to the "other place" would not be changed.

The editorial game laws are stated to be as follows: Book agents may be killed from October 1st to September 1st, spring poets from March 1st to June 1st, scandal-mongers from April 1st to February 1st, umbrella borrowers from August 1st to November 1st, and from February 1st to May 1st; every man who accepts a paper for two years and on being presented with the bill says, "I never ordered it," may be killed on the spot without reserve or relief.

Friends of Mrs. Chas. R. Foote, formerly of Jacksonville are rejoicing with her over a big victory in a law suit in Hoboken, N. J., involving $8,000,000, which has just been settled after litigation for ten years. Mrs. Foote claimed that her parents, who came to America from Germany many years ago, owned a great deal of valuable property in Hoboken which had come into possession of other parties who had not the proper title. Prominent attorneys took the case on a contingent fee, with the result that they were paid the handsome sum of $1,000,000, leaving the plaintiff a balance sufficient to keep the wolf from her door for at least a year or two.

OPPOSED TO SECOND PRIMARY.

The Southern Argus, published at Brooksville, refers to the second primary nuisance as follows:

"Under the rules of the present primary system, when no candidate receives a majority of all the votes cast, the two receiving the largest number are required to run again in a second primary called for that purpose, and the one receiving the majority of the votes cast in the second primary is declared the nominee.

"Fortunately for our people a second primary is unnecessary in Hernando county. Nominations were made for all the State offices contested for in the first primary. For the county offices only one office had two candidates running for it and, of course, was decided in that primary.

"We have some fault to find with the second primary. Interest in the election is greatly reduced before the second is held. The number of voters is not as large, and the voters are not always the same. But the greatest objection is the temptation to bribery, purchasing votes and other corruption held out to the candidates by the second primary. In the first all the candidates are more or less confident of success. This confidence restrains to a certain extent those who would if they thought it necessary resort to questionable means. Few men care to load their consciences and jeopardize their reputations more than is necessary. In the second primary each candidate knows how many votes he must secure to win out. Purchasable voters know how much their votes are needed by either candidate, and who is most likely to give them their price. In the second the honest man is at a greater disadvantage than he was in the first. Honest men vote as they did before except in the case of those dropped, and the unprincipled vote is cast where there is the most shady influence. The honest candidate is sorely tempted to approach this vote, and the dishonest one proceeds to make himself solid with it, and more frequently than otherwise the balance of power is in the hands of this vote. We believe that the man who gets the most votes honestly in the first primary should receive the nomination."

THE PRIMARY CANDIDATE.

He cometh up like a flower and retireth from the race busted. His friends fill him with false hope and atmosphere. He swelleth like a toad and thinketh the world is his'n. He smileth upon mankind and sloppeth over with humor. He kisseth the children and scattereth his microbes among innocent babes. He privily cheweth a clove when he meetheth a preacher, and as he converseth with him he standeth to the leeward and surbeth his breath as with a strong bit. He goeth home to his weary wife late at night with beery breath and cold feet. He riseth up between times and hiketh forth without his breakfast saying, "I go to see a man." The deadbeat lieth in wait and pulleth his leg to a queen's taste. He naileth a lie, but before election time he runneth short on nails. He giveth liberally to the church, he subscribeth a good sum to the band, contributeth to the poor whose barn was burned, he sendeth a small keg hither and a large keg thither, he yieldeth up his substance with apparent alacrity. After the election he goeth behind the barn and kicketh himself and teareth his hair and called himself a Rotterdam fool.—Ocala Banner.

It is all right to hold good roads conventions, but the only way to get good roads is to elect men as county commissioners who are known to favor good roads.

In the spectacular bull fight which concluded the wedding festivities of King Alfonso and Queen Victoria in Madrid, at which there were 60,000 present, the central figures of course being the King and Queen, the populace, in the excitement, forgot the horrible incident of the day before, when an attempt was made on the lives of the royal couple. The people of the world—we refer more especially to the English-speaking people—sympathized with Spain in this anarchistic move, but they equally deplore the fact that a function of such sacredness should have to be concluded with such cruel ceremonies as a bull fight, where maddened brutes are pitted against human lives, to ascertain whether the bull or the man is the master. Queen Victoria, being of English birth, attended the function with reluctance, and the humane world will note with pride that she attended not through desire, but through what she termed a royal duty, and that she manifested no interest in the occasion. If King Alfonso will heed the advice of his good wife, she may yet make a man of him.

PATTISON GETS NOMINATION.

Democrats of Tennessee Nominate Him for Governor.

Nashville, June 4.—The state Democratic convention adjourned sine die at 2:30 Saturday morning after having been in session four days. Entire harmony prevailed at the finish, although the convention was the most strenuous and bitter that has been held in this state in many years.

It became evident, from test votes, Friday afternoon that Patterson would be named on the first ballot, and when adjournment was reached, the Cox forces had about given up the fight.

On reassembling Friday night the convention proceeded to the nomination of candidates for governor and railroad commissioners.

Patterson's name was the only one put in nomination, and he was elected by acclamation amidst wild enthusiasm.

Mr. Patterson accepted the nomination in a brief speech.

Hon. H. H. Hannah was nominated for railroad commissioner on the fourth ballot. He is at present adjutant general of the state.

GEORGIANS GET THE CONTRACT.

Big Order for the South Atlantic Car Company.

Washington, June 4.—After several days' conference with officials of the isthmian canal commission and Chief Engineer Stevens, Senator Bacon has succeeded in completing arrangements by which the South Atlantic Car and Manufacturing company, of Savannah and Waycross will be given the contract for the construction of 300 flat cars and perhaps 400.

As has been explained, the Georgia company was the lowest bidder under the call for 1,000 cars, but could not insure the delivery required. Senator Bacon took the matter up with the officials with a view to securing portion of the contract with delivery such as the company could fill. This has finally been arranged, the deliveries to be between the first of December and the last of January. Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

WONDERFUL CURE BY CUTICURA REMEDIES

"My husband and five children were all afflicted with eczema. They had it two years. We used all the home remedies we could hear of, without any relief, and then went to a physician and got medicine two different times, and it got worse. It affected us all over except head and hands. We saw Cuticura Remedies advertised and concluded to try them. So I sent for $1.00 worth, consisting of one cake of Cuticura Soap, one box of Ointment, and one vial of Pills, and we commenced to use them. I do not know how to express my joy in finding a cure, for two of my children were so bad that they have the brown scars on their bodies where they were sore. If it will be of any benefit to you, you can publish my letter with pleasure. Yours truly, Mrs. Maggie B. Hill, Stevens, Mason Co., W. Va., June 12, 1905."

Unknown Friends

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

Forced to Work Under a Guard.

Winston-Salem, N. C., June 4.—Representatives of the Italian government are investigating complaints being made to consuls in the United States regarding alleged harsh treatment of 1,500 Italian laborers brought from New York to work for the Carolina Construction company in the building of a railroad from Spruce Pines, via Marion, in the western part of the state. It is alleged that the Italian laborers, many of whom, it is said, have become dissatisfied, are not permitted to leave and are being forced to work under heavy guard. The Italian government representatives have taken the matter up and propose to remove the restraint if such exists over the laborers in the employ of the Carolina Construction company.

MAY NOT APPEAL TO SPEER.

Noted Prisoners May Make Application for Bail Outside of Macon.

Macon, Ga., June 2.—The spectators in the United States court room were startled on Thursday morning by the motion of District Attorney Marion Erwin to have the court pass an order sending Greene and Gaynor to the penitentiary at Atlanta without further ado.

A hush fell over the court room. It looked for the moment as if the much talked of game of delay had failed; but Attorneys Meldrim and Lawrence, who were present from Savannah to represent Greene and Gaynor had not been idle. They had planned to meet this motion; so they arose and presented to the court the supersedeas which they had obtained from Judge Newman, requiring that there be no execution of the court's sentence until the circuit court of appeals shall have had an opportunity to pass upon the writs of error which the defendants have presented. This movement was more in conformity with the views which the public had entertained about the possibility of delay. Nothing was said about an appearance bond. It was thought some interesting developments would grow out of the court's sad experience in allowing a bond on a previous occasion, the defendants at that time forfeiting their bonds and skipping out to Canada. It is now believed that the application for bail will be made next time to some judge other than Judge Speer, the idea being that he now has cause to be prejudiced against allowing bonds in this particular case.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

HAD A BIG TIME.

Center Lodge No. 11, I. O. O. F., Entertained Their Lady Friends.

One of the most enjoyable entertainments of the secret orders ever given in this city transpired Monday evening, the occasion being an ice cream supper served by Center Lodge No. 11, I. O. O. F., to members of the order with their families, and members of the Rebekah degree.

The committee on arrangements exercised every effort to make this affair a success from a social standpoint, and was successful. There was a large crowd present, and those who attended will ever remember the hospitalities of the members of the lodge and the committee. There was an abundance of ice cream, cake and coffee, and altogether the occasion was one which will not soon be forgotten.

Marriage at High Springs.

Rev. C. M. Gordon of McIntosh, one of the leading Presbyterian divines of this Presbytery, passed through the city Monday en route home from High Springs, where he has been to fill an appointment.

On Sunday morning Mr. Gordon united Mr. McCall, cashier of the bank of that place, and Miss Olie Brown, a prominent young lady, in the holy bonds of matrimony. The ceremony was performed at the home of Mr. and Mrs. H. C. Stephens, the latter being a sister of the bride.

These young people are very popular, and their numerous friends wish them much happiness.

Vernon George has returned from Bowling Green, Ky., where he has been attending the Southern Normal Institute, the largest school of its kind in the South, of which Prof. J. M. Guilliams, formerly of East Florida Seminary, is a member of the faculty. Mr. George graduated in stenography and bookkeeping at this institution, and accepted a lucrative position in Louisiana, but his devotion to Florida was too great, and he could not resist a temptation to return. Mr. George expects to proceed to Sutherland, where he has been tendered a good position.

The numerous friends of Lee Graham regret very much that he is seriously ill at the National Odd Fellows' Sanitarium, and yesterday it was necessary for him to undergo an operation for appendicitis. It is hoped that his condition will rapidly improve.

J. A. Trimble of Archer was in the city yesterday. Mr. Trimble has been for some time associated with the Dutton Phosphate Company, and has been located at one of the mines near Eve, but has been transferred to Dutton.
